CSS

Sass

jQuery

JWT

## PROJECTS

### My Family Story (03/2017 – 03/2017)

- Interactive e-commerce site where you can build custom coloring books that tell your family's story.
- Used CSS animations throughout the building process
- Used AWS to upload customer photos and the Stripe api for credit card checkout
- Project link - <http://myfamilystory.swiftcode.design/#!/home>

### Roots of Fight (04/2017 – 04/2017)

- Clone of rootsoffight.com - e-commerce site
- Login and authentication is handled with JSON Web Tokens
- Used jQuery/CSS animations for custom carousels
- Completely mobile responsive
- Project link - <http://rootsoffight.swiftcode.design/#!/home>

## WORK EXPERIENCE

### Junior Web Developer/ Web Development Mentor DevMountain

06/2017 – Present

Provo, UT

DevMountain is a private Coding Bootcamp school that offers 16-week part-time courses and 12-week immersive "boot camp" courses in a variety of subjects including web development, mobile programming, and user experience design.

#### Achievements/Tasks

- Help implement new features to in-house software
- Lead daily reviews on anything from JS to React
- Help students throughout the day with their projects
- Morning workshops where I introduce new tech ex Chart.JS

Contact: Brack Carmony – (844) 433-8686
